### Employee Spotlight

*Dr. Carter*

Dr. Carter has been practicing out-patient cosmetic and aesthetic treatments for over 12 years. He is a graduate of Ohio-Wesleyan University where he graduated Magna Cum Laude, with a degree in Chemistry and Pre-Med. He attended Med School at University of Rochester School of Medicine and Dentistry and continued Residency at Lancaster General Hospital.

Dr. Carter is a member of the Pennsylvania Medical Society, American Academy of Family Physicians, American Society of Laser Medicine and Surgery, and Lancaster City and County Medical Society.

His specialty is freshening up the lower face, especially the lips and around the mouth. He particularly enjoys the appearance sneak attack, meaning, implementing facial aesthetic changes that elicit compliments based upon the observer's realization that the patient looks better, but the observer can't determine exactly "why." This occurs when subtle changes are made. The biggest impact occurs when several techniques are used in combination to achieve a harmonious home run!
